

Teacher In-Service Available

The NE Prevention Resource Center staff would love the opportunity to work with your staff during a teacher in-service. There are many different topics which could be covered during an in-service with your staff.

- How to foster resiliency with students in your classroom
- How to facilitate experiential learning by using activities that teach alcohol, tobacco, other drug and violence prevention
- Alcohol prevention
- Tobacco prevention
- Information on any drug can be provided (examples include methamphetamine, marijuana, inhalants)
- Violence prevention
- Bully/harassment prevention
- How to teach RESPECT using activities that teach
- Gemstones personality assessments – learn what gemstone you are and how to get along with other gemstones in your school
- Teambuilding activities with your staff (which could in turn be used with the students)
- Strategic planning facilitation to address alcohol, tobacco and other drugs, as well as violence prevention in your school and community
