Program Goal - to reduce the number of alcohol – and other drug-related crimes committed by individuals under the age of 21.

Objectives of the facilitator training:

- Define the theories supporting the foundation of *Interactive Journaling*, an evidence-based practice
- Describe the *Alternatives Interactive Journaling* curriculum
- Demonstrate effective implementation strategies for *Interactive Journaling*
- Practice effective facilitation strategies

The basic premises of *Alternatives Youth Diversion Education* Program are:

- ✓ People can change their behavior if they have the motivation and the tools to do so.
- ✓ Participants are responsible for the choices they make. This program can help participants make informed decisions yet; ultimately, they alone possess the power to choose.
- ✓ Brief interventions can be effective catalysts for change.
- ✓ Knowledge alone does not equal change.
- ✓ Interactive group process helps facilitate change.
